

Entering a Life Insurance Policy and an Annual Premium

01/12/2026 10:37 am EST

One of the unique and powerful tools of using SIPS is that you can enter in insurance policies into the structured income plan. Below is a step-by-step guideline to enter in an insurance policy.

Step 1: Edit: Click on the green edit button underneath the structured income planning subheading title.

The screenshot displays the SIPS Structured Income Planning interface. At the top, there's a navigation bar with links like 'YOUR CASE LIST', 'SETTINGS', 'HELP', and 'SIGN OUT'. Below this is a client dashboard with various tool categories. The main heading is 'Structured Income Planning', with an 'Edit' button highlighted by a red arrow. A 'Scenario' dropdown menu is set to 'New Scenario (1)'. The 'Planning Horizon' is set to '16 years'. The table below shows financial data for 'Savings (1)' and 'IRA (1)' accounts over 16 years, including initial amounts, annual contributions, and projected values. Orange backgrounds indicate hypothetical returns.

Return With Grouping

Return Without Grouping

Account or income groups must be created in the sequential order from left to right as they appear in the Income Plan.
 You may have to re-order accounts using the Edit Scenario function to achieve the sequence you want for your account/income groups.
 Reordering or adding accounts or incomes on the Edit Scenario function requires that the above group information be reset.

Step 11: Structured Income Plan: A new column should appear under the Life Insurance column displaying the premium.
